**WRITTEN DESCRIPTION**

This station consists of a small brass rivet set in the S.W. corner of the water tank at Killybegs. The water works compound is 0.5km from Killybegs town on the Kilcar road. The brass rivet is set on the upper surface of the tank wall whilst the heighting mark (10mm rawlplug bolt) is set on the sidewall, 0.037m below surface of the south face of tank wall. The key for accessing this compound can be had from Ordnance Survey HQ.
